Republic of Kazakhstan

Dear Mr. Sadullayev:

Chevron Oronite Company, LLC, has asked us to consider approving, for use in GE diesel engines, a locomotive diesel engine lubricating oil identified as **Fastroil Lokomotiv Oil HPD SAE 20W40** code . It is our understanding that this is a 20W-40 grade locomotive diesel engine lubricating oil formulated with additive system and viscosity index improver in Turkmenbashi base stocks. The nominal alkalinity level of this lubricating oil is by ASTM D 2896.

After reviewing the information supplied to us by Chevron Oronite Company, LLC, it is our technical opinion that this oil will provide satisfactory service in GE diesel engines. Therefore, we are granting "Fundamental Approval" to **Fastroil Lokomotiv Oil HPD SAE 20W40** generation 4LL lubricating oil for use in GE diesel engines.

If you have any questions, please feel free to contact us.

Sincerely,

Najeeb Kuzhiyil  
Senior Lubricants and Fuels Technologist

OIL APPROVALS/ORONITE/Alfa Number: 2016-1011
